

GREEN SEAFOODS

Specification Sheet

Raw Whelk Meat

Buccinum undatum

Wild caught and available from June until November. Newfoundland Jade Whelk is a product Green Seafoods Ltd. pioneered in the international marketplace.

Our brand is well known throughout Korea, Hong Kong, China and the U.S. as the best shell-on whelk available. Unfortunately, the natural supply is in decline and we produce a very limited amount and supply is committed to customers early in the year.
